

# DNYANGANGOTRI, PUNE

## OUR WORK

Wipro Cares is supporting Dnyangangotri in running a special school for mentally challenged children at Dhayari near Pune.

## IMPACT

- Physiotherapy, special education and nutrition for all the children as per their individual needs

## DETAILS

Dnyangangotri Pratishthan was established in 2001. They are running a free residential school in Dhayri village just outside Pune city. At present there are approximately 45 mentally challenged children aged 6 to 18 years, from nearby rural underprivileged families. The children are provided with shelter, nutrition and special education along with vocational skills to aid in their rehabilitation.

Our support to Dnyangangotri enables the children to gain some basic educational and vocational skills, thereby helping them to lead their lives with dignity and possibly earn their livelihood in future.
