

# COMMUNICATION EXCELLENCE FOR PUBLIC EDUCATION, PHILIPPINES

## OUR WORK

The Communication Excellence for Public Education (CEPE) initiative was launched by the Wipro Cares Philippines team in May 2011 under the aegis of Wipro Cares.

CEPE initiative aims to produce better English speakers in the country's graduate pool. By partnering with the Department of Education, Wipro Cares hopes to increase the students' test scores by helping public high school teachers improve their verbal and written proficiency in the English language through training and refresher courses on communication skills.

## IMPACT

- Partner with the Department of Education and increase the students' test scores by helping public high school teachers improve their verbal and written proficiency in the English language through training and refresher courses on communication skills. Provides them with a nutritious meal and emphasizes on their complete development
- Produce better English speakers in the country's graduate pool

## DETAILS

The CEPE classes consist of grammar lectures, discussions, pronunciation drills, and intonation practice. Activities of the program comprise application exercises and games. Tips on fluency are covered, in addition to cultural aspects, such as idiomatic expressions and 'filipinoisms'

The classes are intended for English teachers, English coordinators, school principals and division English supervisors
